Resonac Announces Group Organizational Restructuring for Partial Spin-Off of Petrochemical Business (Simplified Absorption-Type Company Split and In-Kind Dividend)

Regarding the announcement made on February 14, 2024, “Resonac Starts the Assessment of Partial Spin-off of Petrochemical Business” and on July 23, 2024, “Resonac Announces Establishment of a Petrochemical Business Subsidiary Preparing for Company Split,” we are pleased to announce that at the Board of Directors Meeting of Resonac Holdings Corporation (hereinafter referred to as “REH”) held today, a resolution was passed to implement a group organizational restructuring (hereinafter referred to as the "Organizational Restructuring") involving REH, Resonac Corporation (hereinafter referred to as "REC"), and Crasus Chemical Inc. (hereinafter referred to as "Crasus Chemical"). Details are as follows. Please note that as this is a simplified organizational restructuring involving REH and its wholly owned subsidiaries, some disclosure items and content have been omitted.

1. Overview of the Group Organizational Restructuring

Effective on January 1, 2025, Crasus Chemical, a wholly owned subsidiary of REC, will absorb the petrochemical business split from REH and REC (hereinafter referred to as the "Absorption-Type Company Split"). On the same day, REC will distribute the whole shares it holds in Crasus Chemical to REH as an in-kind dividend (hereinafter referred to as the "In-Kind Dividend").

2. Schedule of the Group Organizational Restructuring

| | |
|--|---------------------------|
| Resolution at the Board of Directors Meeting | October 22, 2024 |
| Conclusion of the Absorption-Type Company Split Contract | October 22, 2024 |
| Resolution at the General Meeting of Shareholders to give official approval to the Absorption-Type Company Split (Crasus Chemical) | October 22, 2024 |
| Resolution at the General Meeting of Shareholders to give official approval to the execution of the In-Kind Dividend (REC) | October 22, 2024 |
| Effective date of the Absorption-Type Company Split | January 1, 2025 (planned) |
| Effective date of the distribution of the In-Kind Dividend | January 1, 2025 (planned) |

*Notes:

1. As the Absorption-Type Company Split falls under the simplified absorption-type company split as defined in Article 784, Paragraph 2 of the Companies Act for both REH and REC, it will be conducted without the approval of the Absorption-Type Company Split Contract by the shareholders' meetings of REH and REC.
2. The In-Kind Dividend by REC to REH, as it does not grant a monetary distribution claim as defined in Article 309, Paragraph 2 of the Companies Act, will require a special resolution at the General Meeting of Shareholders of REC.

3. Details of the Absorption-Type Company Split

(1) Summary of the Absorption-Type Company Split

1) Method of the Absorption-Type Company Split

REH and REC will be the splitting companies, and Crasus Chemical will be the successor company.

2) Allocation related to the Absorption-Type Company Split

Crasus Chemical will issue 1,000 common shares to REH and 1,000 common shares to REC upon the Absorption-Type Company Split.

3) Treatment of stock acquisition rights and bonds with stock acquisition rights

There will be no changes to the stock acquisition rights and bonds with stock acquisition rights issued by REH due to the Absorption-Type Company Split. REC has not issued stock acquisition rights or bonds with stock acquisition rights.

4) Changes in capital due to the Absorption-Type Company Split

There are no applicable items.

5) Rights and Obligations to be Succeeded by the Successor Company

Crasus Chemical will succeed to the assets, liabilities, contracts, and other rights and obligations related to the petrochemical business of REH and REC as specified in the Absorption-Type Company Split Contract.

6) Prospect of fulfillment of obligations

We have determined that there are no issues with the prospect of fulfilling obligations that Crasus Chemical will assume after the effective date of this absorption-type company split.
