Corporate Governance

Evaluation of the Board of Directors' Effectiveness

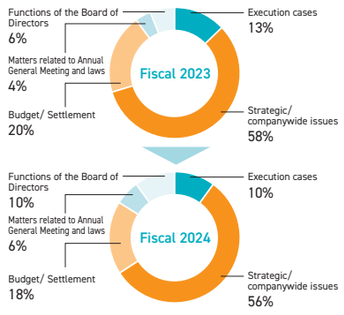
Evaluation method

The Company evaluates the effectiveness of the Board of Directors every year, aiming to strengthen corporate governance and improve effectiveness of the Board of Directors in and after the next fiscal year. To be specific, in December 2024, the Company surveyed respective Directors and Audit & Supervisory Board Members through unidentified questionnaires and free descriptions to evaluate the effectiveness of the Board of Directors in fiscal 2024. Then, in March 2025, the Board of Directors held a meeting for all directors and Audit & Supervisory Board members to discuss the collected self-evaluation results and the discussions on the Board of Directors reform held in fiscal 2024, create a summary of the evaluation results for fiscal 2024, and formulate an action plan for fiscal 2025. Note that we have outsourced the questionnaire survey and aggregation of the results to an outside institution in order to ensure its objectivity and enhance future effectiveness of the Board of Directors.

Evaluation results (Actions taken in 2024)

Issues recognized in the review of the management of business in fiscal 2023	● Discrepancies exist in the skills which are recognized as being necessary for the members of the Board of Directors. Discussion on this matter requires a lot of time. ● An agenda setting appropriate for monitoring is required. ● Some Directors said it is necessary to improve information sharing with advisory committees. Some Directors also said it is necessary for the Board of Directors to have substantial discussion about requests from investors.
Action plan for fiscal 2024	1. Continue discussion on how the Board of Directors' meetings should be (including composition of the Board of Directors and skills of each Director) in order to make it function effectively as a monitoring board. 2. Formulate and implement agenda optimized for the Board of Directors to function as a monitoring board. 3. Enhance effectiveness of the Board of Directors through continuous improvement in various opportunities of communication and information sharing.
Actions taken in fiscal 2024	1-1 To further invigorate discussions, we added a new category of agenda items titled "Discussion Items" in addition to the previous resolution and reporting matters. 1-2 Utilized "Discussion Items" and forums for exchange of opinions to articulate the Board of Directors' supervisory function, clarified the subjects of supervision, and engaged in deep discussions about the skills that the Board should possess 2-1 Conducted discussions regarding the subjects that the Board should supervise and corresponding agenda discussions, as well as discussions on agenda setting for 2025 2-2 Starting from fiscal 2024, established and commenced operation of an agenda focused on the Company-wide key issues 2-3 Established a follow-up cycle for issues identified by the Board of Directors, and set an agenda based on these identified issues 3-1 Improved the sharing of the content of pre-meeting explanations and began supplemental explanations during proposal presentations based on prior explanations 3-2 Shared the minutes of advisory committee meetings with Board members who are not committee members, and initiated presentations by committee chairs on key discussion points at the Board of Directors' meetings 3-3 Started holding meetings between the accounting auditor and outside directors 3-4 Held lunch meetings among outside officers only, including Outside Members of Audit & Supervisory Board

Changes in the characteristics of matters discussed at the Board of Directors' meetings caused by changes in standards for bringing up matters for discussion to the Board of Directors' meetings



[Strategic/companywide issues]
- Business strategies, portfolio reform, and human resource strategies Strategies for R&D and intellectual properties, governance system
- Material issues for sustainability
- Progress in risk management promotion, important CXO issues, etc.

Action plan for fiscal 2025 based on the reviews of business execution in fiscal 2024 is as follows.

Issues recognized in the review of the management of business in fiscal 2024	● While there are voices expressing appreciation for efforts to optimize the agenda in terms of the appropriateness of proposals, there is also a call for further enhancement of strategic discussions over the medium to long term ● Feedback on investor opinions and the sharing of information from advisory committees have received mixed evaluations among members. There are calls for improvements in the quantity and quality of information, opportunities for better understanding of the Company, and collaboration with various organizations. ● Although a common understanding has been established regarding the role that the Board of Directors should fulfill, there is a significant disparity in evaluations of the Board's composition between inside and outside officers, with calls for discussions on independence and diversity
Action plan for fiscal 2025	1. Focus on enhancing the functions of the Board as a monitoring body by optimizing the agenda centered around sustainability, portfolio management, and risk management as well as deepening of discussions 2. Enhance effectiveness of the Board of Directors through continuous improvement in various opportunities of communication and information sharing. 3. Continue discussion on the functioning of the Board of Directors (including its composition).

Information sharing and dialogue with outside directors

With the aim of further improving its effectiveness, the Board of Directors also holds lunch meetings and plant visits, among other measures, to increase opportunities for information sharing and dialogue. In November 2024, we held the first Board meeting outside the Head Office since the COVID-19 pandemic at the Kawasaki Plant. On the day of the meeting, Board members shared information on the status of sustainability initiatives, including carbon neutrality and non-financial KPIs, as well as activities to enhance engagement, and engaged in lively discussion. They also toured our plastic chemical recycling (KPR) facilities, which served as an opportunity to deepen their understanding of the business.

Nomination Process

Approach to nomination

In electing and nominating candidates for Directors, the Nomination Advisory Committee, an advisory body to the Board of Directors, that consists of a majority of independent outside directors shall deliberate matters related to nomination and report the results of its deliberation to the Board of Directors. Candidates for Audit & Supervisory Board Members shall have the knowledge, expertise and capabilities required to fulfill their duties, including those with strong expertise in finance and accounting.

Composition of the Nomination Advisory Committee

Chairman: Tetsuo Tsuneishi (Outside Director)
Members: Hidehito Takahashi (Representative Director; President and Chief Executive Officer)
Nori Imai (Director)
Kenji Yasukawa (Outside Director)
Kozo Isshiki (Outside Director)*1

*1. Retired on March 26, 2025
*2. Assumed office on March 26, 2025

The meeting was held seven times from April 2024 to March 2025, and all members attended all meetings.

Selection criteria for Directors

- Directors must possess deep knowledge and insights, strong sense of ethics, and fair and impartial judgment required to fulfill their duty of enhancing corporate value over the short, medium, and long term.
- Directors must be of excellent character, possess a strong will to fulfill their duties, and be able to maintain a healthy mind and body.
- Directors must be able to secure the time and effort necessary to properly fulfill their roles and responsibilities.
- Directors must not fall under any of the grounds for disqualification of a director as stipulated in Article 331, Paragraph 1 of the Companies Act.
- The appointment of such directors must help maintain diversity in the expertise, experience and attributes of the Board of Directors and ensure efficient and effective corporate governance.

Additional selection criteria for Outside Directors

- Outside directors must supervise the management of the Group and conflicts of interest between the Company and the management team, and be able to provide appropriate advice on business execution.
- Outside directors must meet the independence criteria for outside officers established by the Company.
- In principle, the term of office shall be no more than four years. If the term of office is to be extended beyond this period, a request must be made by the Nomination Advisory Committee and the relevant outside director must consent to it.

Dismissal of the CEO or other members of management

If any concern arises that a Director may fall under the criteria for dismissal, the Nomination Advisory Committee shall investigate and deliberate the matter and report the results to the Board of Directors, which shall then make a final decision to present the matter as a proposal for the General Meeting of Shareholders.

Implementing a succession plan

The Company is conducting company-wide talent reviews, at the Groupwide and global levels, to cultivate the future leaders who will be necessary to advancing its growth strategies.

The Nomination Advisory Committee discusses and confirms the viability of management's selection of potential successors and its formulation of development processes. The Board of Directors continually monitors all succession planning initiatives based on reports from the Committee.

Corporate Governance

Officer Remuneration

Basic policies on remuneration

The policy for determining the amount of remuneration and number of shares to be granted to respective directors of the Company is established by the Board of Directors after the Remuneration Advisory Committee, comprising a majority of outside and independent officers, deliberates on the appropriateness of the policy each fiscal year. While deliberating, the Remuneration Advisory Committee considers consistency with the Policy for Determining Remuneration for Directors and Corporate Officers, the evolving business environment, and feedback from shareholders and investors. Additionally, it sources essential information for its discussions from third-party organizations with extensive global experience and knowledge.

Composition of the Remuneration Advisory Committee

Chairman: Kenji Yasukawa (Outside Director)
Members: Hidehito Takahashi (Representative Director; President and Chief Executive Officer)
Hideki Somemiya (Director)
Tetsuo Tsuneishi (Outside Director)
Kozo Isshiki (Outside Director)*1
Noriko Morikawa (Outside Director)*1
Masaru Onishi (Outside Director)*2
Izumi Sakakibara (Outside Director)*2

*1. Retired on March 26, 2025
*2. Assumed office on March 26, 2025

The meeting was held seven times from April 2024 to March 2025, and all members attended all meetings.

Primary roles and authority of the Remuneration Advisory Committee

Matters to be resolved	Matters to be deliberated or confirmed
● Basic compensation for individual directors ● Targets and evaluation of performance indicators associated with short-term incentives (STIs) for directors, and amounts paid to individual directors ● Position-based standard points, TSR evaluation,and the number of earned points and shares to be delivered to individuals associated with long-term incentives (LTIs) for directors	● Policy for determining the remuneration for Directors and Corporate Officers ● Details of remuneration for respective corporate officers (excluding those concurrently serving as directors) ● Formulation, amendment, or revocation of significant company rules and procedures related to remuneration for directors and corporate officers, along with descriptions presented in important public announcements and other relevant communications

In order to appropriately fulfill its roles and exercise authority when deliberating and making decisions, the Remuneration Advisory Committee carefully considers consistency with the Policy for Determining Remuneration for Directors and Corporate Officers, while also accounting for the evolving business environment and feedback from shareholders and investors. Furthermore, the Committee obtains information, advice, and other insights necessary for its deliberations from Willis Towers Watson (WTW), a third-party organization with a wealth of international experience and knowledge.

Compensation consultants from WTW were present at six out of the seven meetings of the Remuneration Advisory Committee throughout the period. The Remuneration Advisory Committee reported the matters deliberated upon or resolved to the Board of Directors in a timely and appropriate manner during the period. Accordingly, the Board of Directors is confirming the reasonableness and appropriateness of the reported matters.

Matters discussed, etc.

Time of meeting and matters discussed		Participants
January and March 2024	● Determined the individual standard compensation amounts and the number of LTI standard points to be granted to each director for fiscal 2024 ● Discussed the evaluation of performance indicators (consolidated financial results and personal performance) for the fiscal 2023 STI to determine the individual amounts to be paid to each director. The process of personal performance evaluations for each evaluated director (President and CEO, CRO, CFO, CSO) began with an initial assessment by the President and CEO (including a self-evaluation for the President and CEO). The final evaluations were then conducted through deliberation and confirmation of their appropriateness. ● For LTIs for fiscal 2022 and 2023, determined the number of shares to be delivered to directors who resigned in March 2024 (based on the TSR evaluation through the end of the fiscal year immediately preceding resignation). ● Discussed and determined the targets of performance indicators (consolidated financial results and personal performance) for the fiscal 2024 STI. Deliberated and confirmed the appropriateness of personal performance targets after receiving explanations from each director and candidate for a director (President and CEO, CFO, CSO/CRO, CHRO) who were under evaluation. ● Confirmed the details of remuneration for directors and corporate officers that were to be disclosed in the Business Report and Securities Report for fiscal 2023.	All members (excluding newly appointed members)
July, September, October, November and December 2024	● Confirmed that the remuneration for directors and corporate officers for fiscal 2024 was appropriate in accordance with the Policy for Determining Remuneration for Directors and Corporate Officers. Meanwhile, we also held repeated discussions about what kind of attractive remuneration would be appropriate for the management team of a company that can compete on the world stage to further support our reforms toward global top-level functional chemical company and the maximization of our corporate value. Specifically, discussions were focused on revisions to compensation benchmark companies, increasing remuneration levels (especially performance-linked remuneration), reviewing the TSR evaluation method for LTI (PSUs), introducing a new LTI (performance-linked RS), and enhancing our shareholding guidelines. ● Considered granting stock-based compensation (RS) to outside directors in order to encourage them to supervise and advise management with an awareness of enhancing corporate value over the medium to long term. ● Examined the remuneration level and composition for the position of the Chairman of the Board of Directors to be established from fiscal 2025, based on its role and responsibilities, as well as remuneration levels at other companies. ● Confirmed the submission of a remuneration revision proposal related to the above at the 116th Ordinary General Meeting of Shareholders.

Corporate Governance

"Policy for determining the remuneration for Directors and Corporate Officers" for fiscal 2025 and changes thereto

Method for determining the Policy for determining the remuneration for Directors and Corporate Officers

The policy for determining the remuneration for respective directors of the Company is established by the Board of Directors after the Remuneration Advisory Committee, comprising a majority of outside and independent directors, deliberates on the appropriateness of the policy each fiscal year. While deliberating, the Remuneration Advisory Committee considers the evolving business environment, along with feedback from shareholders and investors. Additionally, it sources essential information for its discussions from third-party organizations with extensive global experience and knowledge.

Main changes applied in fiscal 2025

With the aim of becoming a World-class Functional Chemical Company, we are rapidly revamping our business portfolio and focusing investments on growth businesses. In order to realize attractive remuneration appropriate for a company that can compete on the world stage and to acquire and retain talented management personnel, from fiscal 2025 we have shifted to remuneration levels and systems that match those of major manufacturing companies with global operations at their core. Furthermore, to encourage outside directors to supervise and provide advice to management with an awareness of enhancing corporate value over the medium to long term, we will grant them stock-based compensation equivalent to approximately 10% of their total basic compensation (excluding allowances for committee members and chairpersons). Outside Director The main changes from fiscal 2025 are as follows.

Item	Before revision	After revision
Compensation benchmark companies	Companies of the same size and in the same industry, including the chemical industry, are selected	Major manufacturing companies with global operations at their core are selected
Compensation composition ratio (basic compensation: STI standard amount: LTI standard amount)		
President	40%:30%:30%	25%:25%:50%
Managing Corporate Officers	50%:25%:25%	42%:29%:29%
LTI		
PSU system	The Company's three-year TSR is compared and evaluated against those of domestic companies in the chemical and textile industries. Points are awarded based on this, with shares equivalent to the number of accumulated points delivered at the time of resignation.	The Company's three-year TSR is compared and evaluated against those of domestic companies in the chemical and textile industries and major stock price index constituents in Europe and the U.S. Shares, etc., and shares are delivered based on the evaluation (a certain percentage of the shares delivered (initially expected to be 50%) will be paid in cash equivalent to the market value).
Introduction of performance-linked RS	(Newly established)	RS will be delivered to executive directors based on annual sustainability evaluations (transfer restrictions will be lifted upon resignation; a certain percentage of the delivered RS (initially expected to be 30%) will be retained as points and paid in cash equivalent to their market value at the time of resignation)
Introduction of RS	(Newly established)	RS (transfer restrictions will be lifted upon resignation) equivalent to approximately 10% of basic remuneration (excluding allowances for committee members and chairpersons) will be granted to outside directors each fiscal year
Remuneration for the Chairman of the Board	(Newly established)	Remuneration for the Chairman of the Board (inside director) consists of basic remuneration and LT (IRS) based on his/her roles and responsibilities
Shareholding guidelines (President)	Strive to hold shares worth at least 1.5x basic remuneration	Strive to hold shares worth at least 3.0x basic remuneration

Policy for determining the remuneration for Directors and Corporate Officers

Basic policies

[Directors (excluding Outside Directors)]

- Establish a remuneration scheme appropriate for recruiting and retaining talented human resources from inside and outside Japan suited to a World-class Functional Chemical Company
- Incentivize them to achieve performance targets and increase medium- to long-term corporate value, thereby driving the sustainable growth of the Group
- IMaintain a transparent, fair, and rational process for deciding remuneration from the viewpoint of accountability to all shareholders including stakeholders

[Outside Directors]

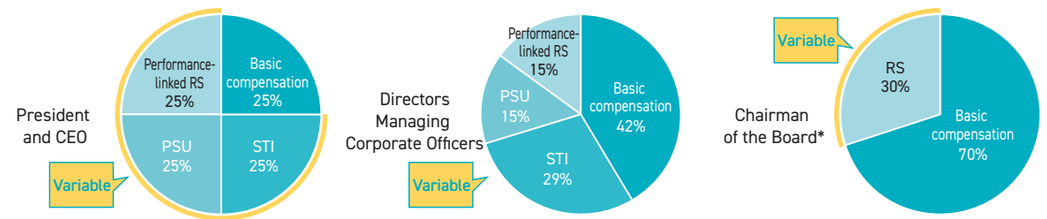
- A remuneration scheme appropriate for the role and responsibility of supervising management from an independent and objective standpoint, and providing advice on management that is conscious of enhancing corporate value over the medium to long term

Composition and levels of remuneration

[Directors (excluding Outside Directors)]

- The remuneration of directors (excluding outside directors) consists of basic compensation (fixed compensation) based on the position, a short-term incentive (STI) tied to annual performance, and a stock-based compensation (LTI) contingent upon medium- to long-term performance and corporate value. Stock-based compensation (LTI) consists of performance share units (PSUs), in which common stock of the Company is delivered according to business performance and stock price over a three-year period, and performance-linked RS, in which restricted stock (RS) is delivered based on annual sustainability evaluations.
- Remuneration levels and the ratio of variable compensation (STI and LTI) to total compensation are established at appropriate amounts and ratios, aligning with benchmarks from other companies (comparison with major manufacturing companies with global operations at their core) based on surveys conducted by external specialized organizations. Given the substantial responsibility for business performance and stock price, the proportion of variable compensation will be set higher for higher-ranking positions.
- Notwithstanding the above, remuneration for the Chairman of the Board will be individually set according to their respective roles and responsibilities.

Composition of remuneration for directors (standard amount) for fiscal 2025



* Remuneration for the Chairman of the Board, whose primary role is to oversee management (in their capacity as chairperson), will consist of base remuneration and Restricted Stock (RS) without performance conditions. Transfer restrictions for RS will be lifted upon resignation.
* As figures are rounded to the nearest whole number, the sum of each column may not add up to 100%.

[Outside Directors]

- Compensation for outside directors consists of basic compensation (fixed compensation) and restricted stocks (RS). Transfer restrictions for RS will be lifted upon resignation.
- The members and chairman of the Remuneration Advisory Committee or the Nomination Advisory Committee receive additional allowances corresponding to their designated duties.
- RS shall be approximately 10% of basic remuneration (excluding allowances for committee members and chairpersons).
- The levels of remuneration are established at appropriate amounts, considering the time and efforts spent by each outside director to fulfill their expected roles and functions, as well as benchmarks from other companies (comparison with major companies across all industries with global operations at their core) based on surveys conducted by external specialized organizations.

Corporate Governance

Short-term Incentive (STI)

The amounts to be paid to individuals as STI are calculated by multiplying the position-based standard amount by two factors: (1) companywide performance evaluation coefficient (evaluation ratio of 70%); and (2) personal performance evaluation coefficient (evaluation ratio of 30%). This approach aims to enhance incentives for achieving companywide performance targets. The performance evaluation coefficient ranges from 0% to 200%, based on performance results and other factors.

Individual amount granted as STI = Position-based standard amount × ((1) Companywide performance evaluation coefficient + (2) Personal performance evaluation coefficient)

Key performance indicators (KPIs) used to calculate the companywide performance evaluation coefficient and the personal performance evaluation coefficient are selected from the financial and strategic indicators prioritized by the Company to achieve its Long-term Vision.

Key Performance Indicators (KPIs) for the fiscal 2025 STI

	KPIs	Evaluation weight	Reasons for selection
(1) Company-wide performance evaluation	EBITDA*1	20%	**Indicators for becoming a World-class Functional Chemical Company** Through business growth centered on electronics + innovation and structural reform, we aim for scale and profitability appropriate for a company that can compete on the world stage.
	EBITDA margin to sales*2	30%	
	ROIC*3	20%	**Indicators for maximizing corporate value and profit distribution to shareholders** In addition to fitness for strategy and best owner, encourage management that is more aware of discipline (profitability and capital efficiency), aiming to further enhance portfolio management and improve medium to long-term ROE.
(2) Personal performance evaluation	Endeavors aligned with the long-term vision, actions to resolve sustainability issues, and more.	30%	Strongly encourage management from a long-term perspective to attain sustainable growth of the Company

*1. EBITDA = Core operating profit + Depreciation and amortization
*2. EBITDA margin to sales = EBITDA ÷ Consolidated revenue
* When evaluating performance for 1 and 2 above, the exchange rates used for full-year forecasts for fiscal 2025 (announced on February 13, 2025) are applied to make a foreign currency adjustment.
*3. ROIC = (Core operating profit ± Equity in earnings of unconsolidated subsidiaries and affiliates − Income taxes expense) ÷ (Interest-bearing debt + Total equity)

Performance Share Unit (PSU)

Our PSU system is designed to deliver a certain number of shares calculated by multiplying the standard points based on the position-based standard amount by a coefficient (0 to 240%) corresponding to the Company's TSR (Total Shareholder Return) over a three-year period, with the aim of enhancing corporate value in the medium to long term.

The TSR evaluation coefficient will be determined by comparing Resonac's three-year TSR with that of the domestic peer group (chemical and textile companies of similar size or larger that operate a similar business model to Resonac) and with the growth rate of stock indices composed of chemical companies in Europe and the U.S. To ensure objectivity and transparency, benchmark indices that are widely recognized among shareholders and investors will be selected as stock indices in Europe and the U.S. A certain percentage of the delivered shares (expected to be 50% initially) will be paid in cash equivalent to their market value.

Performance-linked RS

We introduced performance-linked RS from fiscal 2025 to strengthen management that is conscious of stock price and support the realization of Sustainability Vision 2030. The performance-linked RS system is designed to deliver a certain number of restricted stock (RS) calculated by multiplying the standard points based on the position-based standard amount by a coefficient based on annual sustainability evaluations. The delivered RS will be non-transferable until resignation. A certain percentage of the calculated number (expected to be 30% initially) will be retained as points and paid in cash equivalent to the market value at the time of resignation.

The sustainability evaluation coefficient for fiscal 2025 will be determined based on the employee engagement score, the degree of implementation score for the Purpose and Values, and the achievement status of the number of certified Resonac Pride Products and Services*.

Number of shares delivered to individuals = Position-based standard points x Sustainability evaluation coefficient (85%–115%)

* Resonac Pride Products and Services are initiatives to demonstrate our Purpose and Values through our business. In terms of certification, we aim to integrate the points of view of third parties in evaluation from the perspectives of value provided to customers and society by changing society based on our Purpose as well as the appropriateness of Resonac's four Values, risk assessment such as product environmental assessment and reputation, future potential and impact such as sales plans and market share, and relevance to shared global goals (SDGs). Restricted stocks (RS)

RS will be delivered to the Chairman of the Board (inside director) and outside directors each fiscal year (after the end of each fiscal year) to encourage them to supervise and advise management with a focus on enhancing corporate value over the medium to long term. The delivered RS will be non-transferable until resignation. RS delivered to outside directors shall be approximately 10% of basic compensation (excluding allowances for committee members and chairpersons).

Adjustment of compensation, request for return of compensation, etc.

In case of deterioration in the Company's business performance, or such problems that could damage its corporate or brand value as quality issues, serious accidents, or scandals, the Company reserves the right to temporarily decrease or withhold remuneration and other benefits for directors.

Regarding the short-term incentive (STI), if temporary special factors emerge, which was not anticipated when the targets were set at the beginning of the period, individual amounts may be recalculated based on reassessed performance and other elements with the exclusion of the impact of such factors.

Regarding the short-term incentive (STI) and long-term incentive (LTI), if a director or corporate officer is involved in misconduct or if payment was made based on incorrect financial statements, the Company may nullify the right to receive associated benefits on account of such fact or demand return of compensation already paid to the individual concerned.

Cross-Shareholdings

Policy on reduction of cross-shareholdings

In principle, the Group adheres to a policy of not engaging in cross-shareholdings, and steps are currently underway to reduce existing cross-shareholdings.

Review on the appropriateness of cross-shareholdings

The Board of Directors verifies each year whether the profitability and business feasibility of holdings are rational given the associated capital costs.

Voting right exercise standard

When the Company exercises its voting rights of cross-shareholdings, the company shall decide approval or disapproval of each item on the agenda by examining whether the item contributes to increasing corporate value and maintaining/increasing shareholders' returns or not.
